

Important Message from the Green Party of New Mexico

PLEASE SEND DONATIONS TO: Green Party of New Mexico PO Box 40281 Albuquerque, NM 87196-0281

The Green Party Movement: DC, 50 states, 90 nations, five continents, one planet, one party DEAR NEW MEXICO GREEN, Every election the New Mexico Green Party stands for peace, universal health care, a living wage, future-focused environmental policies and our other key values. Yet, once every election is over, we have to fight for our right to be a political party and this year is no exception.

You may hear from your county clerk or the media that the Secretary of State is trying to take away the rights of more than 10,000 registered Greens to register in the party of their choice. Let us assure you that you do not have to change your registration. We are confident that we meet all requirements to be a major party in NM. Even if the state acts against us - again - we will quickly re-establish our right to stay the party committed to a better future for New Mexico.

Joe Lacayo and Carol Miller Co-Chairs, GPNM
